## MONEY BAGS LURE VOGEL SLAYERS

### GOLD HOARD HIDDEN IN HER BED

Servant Tells Coroner's  
Jury of Woman's  
Habit

District Attorney Hynes  
Clew in Evidence  
Given

That Mrs. Jacob Vogel, slain by robbers with her husband, was subject to dementia and "stept on her money bags," was brought out in evidence, given by Mrs. Sophie Binns, former servant of the Vogels, who was the principal witness in the inquest into the dual murder in Fruitvale before Coroner D. Grant Miller this morning. Mrs. Binns, who resides at 1914 Linden street, Oakland, said that she was afraid of Mrs. Vogel, whom the doctor had asserted was 25 per cent out of her mind. She feared Mrs. Vogel might break loose and at night, the witness said, she was in the habit of giving a rope from the door knob to her bed in case Mrs. Vogel should come after her.

Mrs. Vogel was usually a quiet and peaceable woman.

District Attorney W. H. L. Hynes asked:

"Did you tell any one that Mrs. Vogel kept large amounts of money in the house, Mrs. Binns?"

"I don't think I did," was the answer.

"I saw Mrs. Vogel go over to the bank to get her money, which she apparently kept under the bed. Mr. Vogel was in the habit of giving his wife \$90 a month regularly. He stipulated that she should spend it all and not burn it nor let it accumulate. He wanted her to live different than she did."

HER ACTIONS STRANGE.

The witness continued: "I was taken on there as a servant to make Mrs. Vogel a different woman, because she did not act right."

"How do you mean, did not act right?" asked District Attorney Hynes.

"Well, I thought her a little bit off in her mind." At this time Mrs. Binns protested vigorously against the newspaperman attempting to photograph her. She called out: "I am not a bloody murderer."

"There are many people who have their pictures in the papers who are not notorious," said District Attorney Hynes.

"Well, you are notorious because that is your business," replied Mrs. Binns.

The witness said she may have told people that the Vogels were rich.

When some one asked her where Mrs. Vogel was she told them that she was sleeping on her money bags.

"Mr. Vogel did not seem to think that his wife was in any way out of the common," said the witness, "and did not take any notice of warnings that she might become insane. At one time, while I was a servant there, Mrs. Binns, who resided with Mrs. Vogel, told me that there was something wrong next door and that she was very much frightened, but did not want to go back alone. She told her that it was his place to go with her. Mrs. Binns suggested that they call the police, but Mrs. Binns said no."

SERVANT TO SERVANT.

Mrs. Binns said she had heard from Mrs. Binns that Mrs. Vogel was demented and that she was subject to violent fits and that Mrs. Binns was afraid that she might be killed by Mrs. Vogel.

District Attorney Hynes asked:

"When you went into the bathroom on the morning you came home, did you not see any blood stains anywhere, Mrs. Binns?"

"No, I went through the bathroom as far as the bedroom door. I did not see any stains. Next morning I noticed some brown marks in the basement, which may have been blood."

(Continued on Page 3, Col. 4)

"I won't be photographed!" shrieked Mrs. Sophie Binns, at the Vogel inquest today. "I'm not a murderer."

District Attorney Hynes assured her that other persons than murderers were pictured in the newspapers.

### Capt. Jebson Back Support for Pres. in S. F., but in Hiding

SAN FRANCISCO, Feb. 17.—Captain Frederick Jebson, who doesn't deny that his sympathies are with the Kaiser, is in town, but, hush! Don't tell J. O. Davis.

It was only a few weeks ago that Collector of Port Davis threatened to have Captain Jebson arrested on sight, should he set foot here, because of a certain little coal deal in which Jebson's steamer, the Mazatlan, figured conspicuously.

The Mazatlan was even guarded for a while in the harbor by a United States warship to keep the steamer from putting to sea. Then came the news that the Mazatlan's coal cargo had been sold to the Leipzig in the harbor of Guaymas, Mexico, and that a breach of neutrality had been committed, and that Jebson was liable to arrest and a fine and a lot of more things that one hears about in war times.

Since the Mazatlan incident no one here has seen him, and now that he is here, no one knows where to find him, not even J. O. Davis.

But he was at the ball all right. The captain is some dancer. Dancing is such a favorite pastime with this Teuton that he couldn't resist taking a chance, and even the fact that the ball was given a French setting didn't perturb the captain. He danced to his heart's delight, right under the nose of Collector Davis and the United States warships in the harbor, but still—he did it quietly, and today he hasn't called officially or privately on the collector of port to tell him all about his steamship business.

The situation put the administration leaders into a quandary and left the whole situation almost as indefinite as before.

After a series of motions to send the bill to a conference, motions to table, appeals and other maneuvers in which the seven Democratic insurgents voted with the Republican opposition, the bill finally got into a parliamentary position, where it went to the Senate calendar and can be called up again on a motion for its consideration.

The situation put the administration leaders into a quandary and left the whole situation almost as indefinite as before.

### JAPAN DEMANDS KIAO CHOW

## DOMINATION OF CHINA IS AT STAKE

Pekin Rejects Twenty-One Requirements, Is Assertion

But Mikado's Memorandum to Nations Omits Ten

By Associated Press.  
PEKING, Feb. 17.—If information from presumably well-informed sources, both foreign and Chinese, is correct, the memorandum recently given by the Japanese legation to the diplomatic representatives here of the United States, Great Britain, France and Russia, respecting the demands of the Tokyo government on China, omits certain of the requirements originally presented to Peking.

These negotiations, which began late in January, had for their object the determination of the future status of Japan's relation with China and a decision respecting certain questions regarding the future development of the Chinese republic. Their course has been guarded with great secrecy.

The Peking government did not conceal its concern over the situation thus brought about, and on February 6 Sun Pao-chi, the Chinese foreign secretary, in conference with the Japanese minister at Peking, rejected Japan's proposals on the ground that they were incompatible with China's sovereignty and conflicted with existing agreements between China and other foreign powers.

The Japanese minister then asked for an acceptance in principle, stating that the detailed negotiations could be conducted later, but the Peking government returned a categorical answer as to the principles involved.

AGGRESSIVE DEMANDS.

The original demands, according to information from Peking sources, were twenty-one in number and were far reaching both in their political and commercial aspects. But it is not known whether the original demands were made orally or in a formal written communication.

The memorandum as handed to the legations of the United States, Great Britain, France and Russia, is understood to contain only eleven demands, substantially as follows:

In relation to Shan Tung, Japan asks that China transfer to her all rights and concessions previously enjoyed by Germany and require China to consult Japan on all matters previously agreed upon between Germany and China in the province of Shan Tung.

China is to agree not to alienate or lease Shan Tung of any part of the coast on any pretext to any foreign government, and similarly no island near Shan Tung is to be leased to any foreign power.

China is asked to grant to Japan the right to construct a railroad from Kiao Chow to Chi Fu.

That certain cities in the province of Manchuria shall be opened as treaty ports.

### FIVE MEN DIE IN HOTEL FIRE

By Associated Press.  
MARSHFIELD, Ore., Feb. 17.—Five men are dead, two are missing and four are badly injured as a result of a fire which destroyed the Bunker Hill hotel here early today. The hotel is near the Smith lumber mill, and its occupants were mostly mill employees.

The origin of the fire has not been ascertained. It started on the lower floor of the hotel, which is a three-story structure and quickly enveloped the stairway to the upper floors.

The building had no fire escapes and means of exit were completely shut off. Many of the roomers escaped from the upper floors. Firemen and citizens rushed to the rescue, but the flames spread so fast that those who did not save themselves were cut off and perished. The dead:

A. CRAIG, father of the hotel proprietor.

LOUIS KALOWSKI, waiter.

S. E. LEWIS, laborer.

W. S. GLOVER, laborer.

WILL WARD, laborer.

ROY ASKEW and a man whose name is unknown.

J. J. Johnson, J. Sheehan and B. W. Olson were seriously injured and may die. C. Reese suffered a broken leg and other injuries in leaping from the upper story. Edward Sheehan and John Rava were slightly injured.

The financial loss amounts to \$10,000.

Iowa Redlight Bill Is Declared Invalid

By Associated Press.  
DES MOINES, Ia., Feb. 17.—The supreme court of the state today declared the Cosson redlight district injunction law invalid. The Iowa statute under which the Cosson district was created is declared unconstitutional.

The "dry" forces in the Iowa House today ordered immediate reports from the committee on the suppression of intemperance on the Cosson bill for the repeal of the law, and the repeal of the law to the same effect, which has already passed the Senate. The vote was 31 to 22. The committee must submit its report tomorrow.

NO EFFECT IN CALIFORNIA.

SAN FRANCISCO, Feb. 17.—In the opinion of the district attorney's office here, the decision of the Iowa Supreme Court will in no way affect the California redlight abatement act, although the latter is modeled closely after the Iowa act.

Feet May Be Clew to S. P. Station Robbers

Search for suspicious characters who have been seen near the station, according to Deputy Sheriff Ray Brown and J. J. Collier today following the robbery last night of the Southern Pacific railroad station at Centerville when \$12 in cash was taken from a broken safe.

Upon entering the station the robbers had gone directly to the safe and in working with the combination jarred loose the heavy iron door which was out of repair. From appearances the door had fallen upon the feet of the robbers, having taken them unexpectantly with the readiness which it answered their attempt to open it.

W. F. Hooney, station agent, reported to Sheriff Burnett that his men were small and that the tickets were not touched. Entrance to the building was gained through a window which had been broken with a piece of iron. It is believed that tramps committed the robbery.

RENO DIVORCE BILL Passed by Senate

By Associated Press.  
CARSON CITY, Nev., Feb. 17.—The bill providing for a six months' residence of divorces passed the senate shortly before noon today by a vote of 12 to 10. Senator Bradshaw of Humboldt cast the deciding vote.

## 50,000 ARE TAKEN BY GERMANS

Many Russian Prisoners and Guns Are Captured

Kaiser Present During Part of Victorious Battle

BULLETIN.  
BASEL, Switzerland, Feb. 17, via PARIS, 5:30 p. m.—Emperor William will apologize personally to James W. Gerard, the American ambassador in Germany, for the hostile demonstration which occurred at a Berlin theater on the evening of February 9th, according to a telegram received here today from the German capital.

RAID DAMAGE UNKNOWN.

England was noticeably cheered by the second big air raid on the German bases on the Belgian coast, but as was the case at the previous raid, the official report does not state the extent of the damage.

Berlin is again celebrating the success of Field Marshal von Hindenburg as further details of the East Prussian operations are received. It is officially claimed in Berlin that 50,000 Russian prisoners were taken. Russian air dispatches agree that the Russians are still being pressed further eastward, fighting a rearguard action, in an endeavor to prevent the Germans from surrounding their wings.

In the Carpathians the fighting is inconclusive to reach a decision. The western end and the center of the Russian line is holding, notwithstanding repeated and violent attacks, but in Bukovina the Austrians have pressed on to within twelve miles of Czernowitza.

It is believed that a recurrence of the general German offensive in the western theater demands largely upon the outcome of the present eastern situation. Opinion here is divided whether the Germans are planning a rapid invasion of Russia or whether their chief desire is simply to free Austrian territory of hostile forces and make secure their lines in central and northern Poland.

GERMAN NOTE DIVULGED.

WASHINGTON, Feb. 17.—The official text of Germany's note presented by Count Bernstorff to the United States government, which food cargoes be distributed under supervision of American consular officials and urging the Washington government to contend for the right to ship foodstuffs for non-combatants was made public here today by the state department.

"One—The federal council's decision concerning the seizure of food products, which England alleges to be the cause of food products shipped to Germany exclusively on 'without rec. both unmixed and mixed with other products' and also 'wheat, rye, oats and barley flour.'"

"Two—The federal council makes an express exception in section 45 of the order. Section 45 provides: 'The stipulations of this regulation do not apply to grain or flour imported from abroad after January 31.'"

"Three—Collectively with that saving clause the federal council's order contains a provision under which imported cereals and flours could be sold exclusively to the municipalities or certain specially designated organizations by the importer. All"

### SWIFT WINS CONTEST FOR POSTMASTERSHIP

REDWOOD CITY, Feb. 17.—The confirmation by the United States Senate yesterday of the appointment of James Vincent Swift as postmaster of Redwood City ends one of the most bitter personal battles waged against an applicant for a federal position not of a diplomatic nature.

A batch of letters bitterly attacking the character and integrity of Swift was delivered personally by L. P. Behrens of Redwood City to a cabinet officer.

The letters were referred to Senator-elect James D. Phelan, who, after delving into the charges made against Swift, found them to be without merit and accordingly recommended his appointment, Swift having been endorsed by the San Mateo county Democratic committee.

Swift, who is proprietor of the Redwood City Democrat, opposed the banking methods of Behrens in 1910.

**VEHICLES BILLS.**  
OLYMPIA, Wash., Feb. 17.—Governor Ernest Lister has vetoed two bills passed by the legislature last week reorganizing the state land board and the state equalization board and depriving the governor of representation on the reorganized boards.

The governor's message objected to the proposed method of reorganization and also criticized the use of the emergency clause of one of the bills, which, it had been asserted, would deprive the voters of the use of the referendum if they objected to the reorganization plan. House leaders predict they will have no difficulty passing the bills over the governor's veto.

**NO TIP, SAYS LAW.**  
LINCOLN, Neb., Feb. 17.—The Nebraska House last evening passed the bill making tipping unlawful. The Senate yesterday defeated the bill making it unlawful for clubs or organizations to dispense intoxicating liquors to members.

### GETS "FRESH" IN COURT AND GOES TO JAIL CELL

LOS ANGELES, Feb. 17.—John J. Cahill, who is large and strong, was handcuffed in Superior Judge Monroe's courtroom yesterday and sent to jail for contempt because he insisted "might is right."

Cahill's wife, Sylvia A. Cahill, recently filed suit for divorce against Cahill for desertion and non-support. Cahill ignored the suit until it was called for trial. He appeared to enter a denial in such a noisy manner that Judge Monroe ordered him to be silent.

"I don't recognize either you or the law," Cahill replied. "If I don't get you now I'll get you later."

Cahill was overpowered by bailiffs and handcuffed. Judge Monroe then fined him \$250 for contempt, in default of which he was sent to jail.

**MANY LIVES SAVED BY U. S. RELIEF HOSPITAL**  
NEW YORK, Feb. 17.—The American ambulance hospital in Paris has obtained a record for saving lives of more than 32 per cent of the patients received, a record that "has probably never been equaled in a surgical military hospital," according to a report yesterday to the American committee on the institution.

The report was made by Lawrence V. Benet, a member of the executive committee of the hospital, who has just arrived here from the French capital.

**OFFICIALS ACQUITTED.**  
EAST ST. LOUIS, Ill., Feb. 17.—Six former officials of East St. Louis were acquitted by a jury today of charges involving the misappropriation of \$100,000 in city funds. The men acquitted were Charles S. Lambert, former mayor; John J. Faulkner and W. E. Rodenberger, former comptroller; E. Fred Gerold, former treasurer; Claus Tietje, former alderman; Lester Grigsby, former clerk; in the health department, now chief of detectives.

## DISARMS FOOTPAD AFTER SHOOTING

Masked Highwayman Escapes After Failure to Rob Saloon.

Pittsburg, Cal., Feb. 17.—An armed bandit, wearing a handkerchief over the lower part of his face, attempted to hold up the saloon of Walter Butcher here while William Westover, a driver for the Wells Fargo Express company, was temporarily in charge of the establishment. That followed for the highwayman's revolver, Westover was shot through the thigh, sustaining a flesh wound. The robber escaped while Westover was turning the lights out preparatory to closing the saloon, about 11 p. m. Westover strapped with the injured ankle and wrist, the weapon from him, despite his wound, fired twice at the fleeing bandit, apparently without effect.

Martinez, Feb. 17.—A. G. Percy, who was recently suspended from the municipal police force, was today sentenced to jail for contempt of court for his defiance against his wife, Josie M. Percy, here yesterday. She had him arrested on a bench warrant which led to his suspension. Percy charges cruelty in his complaint.

Los Angeles, Feb. 17.—John J. Cahill, who is large and strong, was handcuffed in Superior Judge Monroe's courtroom yesterday and sent to jail for contempt because he insisted "might is right."

Cahill's wife, Sylvia A. Cahill, recently filed suit for divorce against Cahill for desertion and non-support. Cahill ignored the suit until it was called for trial. He appeared to enter a denial in such a noisy manner that Judge Monroe ordered him to be silent.

"I don't recognize either you or the law," Cahill replied. "If I don't get you now I'll get you later."

Cahill was overpowered by bailiffs and handcuffed. Judge Monroe then fined him \$250 for contempt, in default of which he was sent to jail.

**MANY LIVES SAVED BY U. S. RELIEF HOSPITAL**  
NEW YORK, Feb. 17.—The American ambulance hospital in Paris has obtained a record for saving lives of more than 32 per cent of the patients received, a record that "has probably never been equaled in a surgical military hospital," according to a report yesterday to the American committee on the institution.

The report was made by Lawrence V. Benet, a member of the executive committee of the hospital, who has just arrived here from the French capital.

**OFFICIALS ACQUITTED.**  
EAST ST. LOUIS, Ill., Feb. 17.—Six former officials of East St. Louis were acquitted by a jury today of charges involving the misappropriation of \$100,000 in city funds. The men acquitted were Charles S. Lambert, former mayor; John J. Faulkner and W. E. Rodenberger, former comptroller; E. Fred Gerold, former treasurer; Claus Tietje, former alderman; Lester Grigsby, former clerk; in the health department, now chief of detectives.

## PRISON DIRECTORS URGE PROBATION

Conditions in Penal Institutions Add to Difficulties, They Tell Judges.

SACRAMENTO, Feb. 17.—Judges in California courts are being urged by members of the state board of prison directors to extend probation to first offenders in every case where there appears to be a chance of reform.

Crowded conditions in both state prisons which make it difficult to house the steady stream of incoming criminals and make it impossible to handle the less hardened cases in such a way that there is a chance for them to retain their self-respect, have made this action necessary.

At least three members of the prison board, C. E. McLaughlin of Sacramento, Charles L. Neumiller of Stockton and Charles Sonntag of San Francisco, have agreed that the situation can best be met by urging judges to grant first offenders another chance whenever deemed possible.

Some judges already have been consulted in the matter.

"I consider the probation system the greatest forward step in the administration of criminal law of the past twenty years," said Prison Director C. E. McLaughlin. "If there is any knot in a man who has stoned, the restrictions imposed by the judge who places him on probation and withhold commitment to a prison will bring it out."

"Some sections of the state cannot be accused of over-liberality in granting probation. Sacramento is one of these. It would alleviate the present difficulty in caring for criminals if judges in such places would be more generous in choosing this system where there seems to be some chance of reform. When a young man's past life has been pretty decent I believe he should be given as much as possible."

"When a man is sent to one of the California prisons today we cannot offer him any chance to save one vestige of his self-respect. Segregation is impossible and he is forced to associate with the worst human specimens that modern conditions can develop."

**BOMBARDED BY EGGS.**  
PATTERSON, N. J., Feb. 17.—The Rev. L. J. King of Toledo, Ohio, was driven from the platform at a meeting he had called here last night, when he attempted to make an anti-Catholic address. A bombardment of eggs, which caused him to leave the platform, was continued in the street as policemen escorted him away from the meeting place. George Holley, one of his assistants, was arrested when he attempted to continue the meeting contrary to police orders. The Toledo man is due to speak again tonight.

**ADMINISTRATION DEFEATED.**  
EL PASO, Tex., Feb. 17.—C. E. Kelly and the entire administration ticket was defeated in yesterday's democratic primary election. The majority of the anti-administration forces, headed by Tom Lea for mayor, will be approximately 500. The vote polled was heavy, many voters being challenged and numbers of votes thrown out.

**RED BLUFF, FEB. 17.**—Manuel Rancho, who shot and killed Thomas Day, a fellow-employee on a ranch at Mill Creek, in December last, in this county, was convicted today by a jury of first degree murder. A life sentence was recommended by the jury. The trial lasted only five hours.

**LODI, FEB. 17.**—Roaming in the gloaming is a recreation which only adults enjoy in this city. The Council having unanimously decided to rigidly enforce the curfew ordinance, all school children must be off the streets after 8:30 at night until June 1st, after which time the limit will be extended to 9 o'clock.

**CHICO, FEB. 17.**—Ernest Leuhning, president of the Pacific Fruit Products company of San Francisco, yesterday took possession of the Model Farm Dairy property four miles west of Chico. Last night Leuhning closed the deal and paid \$100,000 for the 400 acres. The estate was Frank W. Johnson of this city and San Francisco.

**SAN JOSE, FEB. 17.**—William A. January, for 22 years Tax Collector of Santa Clara county, and former State Treasurer, was today sentenced to prison for 10 years for embezzling \$100,000.

**SAW SHIPS COASTED.**  
SAN FRANCISCO, Feb. 17.—The steamer Olson & Mahony, Captain Payne, master, arrived in port last evening from Newport News with 1522 tons of coal for the government.

Captain Payne reported that on February 12, while passing San Bartolome bay, Baja California, he saw three tramp steamers coasting two cruisers. One of them was a two-stacker and the other had three funnels. Captain Payne said he was unable to identify the cruisers or two of the steamers. One of the latter, the master said, he made out to be the British steamer Protestant.

## COURT DISCLAIMS ALL ECCLESIASTICAL POWERS

PORTLAND, Ore., Feb. 17.—The court cannot assume ecclesiastical powers and therefore has no right to re-open the doors of the old Taylor Street Methodist Episcopal Church to the "insurgents" of the Methodist following here who have refused to attend a consolidated church.

Circuit Judge Gates' decision today at the close of the legal church controversy. The court decided, however, that unless the church itself arranges for a disposition of the property for religious purposes, it would be subjected to taxation at once.

**ENGINEERS ELECT.**  
NEW YORK, Feb. 17.—At the annual meeting here of the American Institute of Mining Engineers the following officers were elected for the coming year: President, William L. Saunders, New York; vice-presidents, Sidney J. Jennings, New York, and Philip N. Moore, St. Louis; directors, S. A. Taylor, Pittsburgh, Pa.; Robert W. Hunt, Chicago; Hennen Jennings, Washington, D. C.; George C. Stone, New York, and W. H. Aldridge, New York.

**GIRL'S ASSAULT ESCAPES.**  
WASHINGTON, Colo. county, Feb. 17.—Miss Hazel Lear, the 15-year-old daughter of Mr. and Mrs. James Lear, was attacked by an unknown man early Monday evening near the town hall and within 50 feet of her home. The girl was knocked to the ground and choked, but her screams attracted the attention of John Ciego, who went to her rescue. Ciego attacked the girl's assailant, but was worsted in the fight which followed. The man escaped.

**TANK STEAMER SAILS.**  
NEW YORK, Feb. 17.—The Standard Oil tank steamer Moren sailed yesterday for Lisbon and Port Said, leaving the American flag and with an American crew of thirty-five sailors. The vessel was formerly the German steamer Meppen. It is believed that the Moren will be permitted to reach her destination without interference by warships. She carries a cargo of oil in bulk.

**JEKYLL AND HYDE BOY PUZZLE TO L. A. POLICE**

LOS ANGELES, Feb. 17.—The youngest Dr. Jekyll and Mr. Hyde type ever arrested by the police department was confined last night in the solitary room in juvenile hall in an effort to break the bad spirit which occasionally animates him.

The boy is 12-year-old Eddie Forest, son of Lloyd Forest of 1314 North Normandie avenue, and is detected by his parents' report to the juvenile authorities to be incorrigible, part of the time. Eddie is the champion pugilist of his class in school, but at home later he may be seen kindly petting a stray dog. He is said to have taken the property of others and all his money, and to have poorer children that they may buy candy.

The puzzling boy, despite all promises to reform, has frequent lapses and the juvenile authorities after capturing him as a runaway, will hold him for a while in an attempt to drive out the unruly side of his strangely formed character.

**MILITARY RAILROADS ARE BUILT BY RUSSIA**

By Associated Press.

PETROGRAD, Feb. 17, via London.—The completion of several lines of railroad radiating from Warsaw to points on the Austrian frontier of eastern and western Galicia, which is expected to be accomplished within a few weeks, is designed to give the Russian forces that mobility which apparently is necessary to cope with the kaleidoscopic changes that the German and Austrian armies make so successfully.

An agreement has been reached by the German and Russian chancelleries through the American embassy that all Germans who are able to perform military service be permitted to leave Russia and take with them any amount of money so long as they do not carry out gold coin.

## It's Different

Don't confuse the SCHAFFHIRT ROOFLESS TEETH with bridge or alveolar work. It's different! To have teeth restored by these old-style methods, you must have at least two teeth of your own.

But by the SCHAFFHIRT way, if you have lost one tooth, ten teeth or ALL your teeth, I can restore them without a plate over the entire roof of your mouth!

Dr. Schafhirt:—It gives me great pleasure to send you this little note of appreciation of the roofless teeth you made for me. The several dentists I consulted before coming to you all said there was nothing for me but to wear a plate over the roof of my mouth, as I had no teeth to fasten alveolar work to and that your method was a fake. At first I didn't seem to me that you could make teeth without a plate and firm in my mouth, as I had no teeth of my own to fasten a set to. But the teeth are certainly a success. I scarcely realize they are artificial.

MRS. MARY L. MERCHANT.

I don't ask you to take my word for what I claim. Ask the people who wear these teeth! A book full of names FREE. Phone Lakeside 24. Ask for "Booklet A." Beware of cheap imitations.

## LEASE FAIR GROUNDS FOR FAIR TOURISTS

By Associated Press.  
EUGENE, Ore., Feb. 17.—The Lane county fair grounds will be the camping place of many thousands of tourists who are expected to pass through Eugene this summer on their way to and from the Panama-Pacific Exposition at San Francisco. A meeting of the fair board was held last night and it was decided to lease the grounds to the Pacific Highway Touring Company and Hotel Company of Seattle for the purpose of erecting a tent city thereon, a place to house and feed the thousands of passengers which the company expects to carry by auto buses from Seattle to San Francisco.

## PESTILENCE IN BULGARIA

By Associated Press.  
PARIS, Feb. 17.—A Sofia dispatch to the Balkan Agency says that an epidemic of typhus fever which broke out among Serbian prisoners of Bulgarian nationality, sent to Sofia by the Austrian authorities, has spread to the civil population and is ravaging the regions around Sofia, Plevna and Philippopolis. Dysentery also is said to be prevalent.

## BIG ARMY ATTACKS SERBIA

By Associated Press.  
PARIS, Feb. 17.—The Austro-German forces organized to operate against Serbia consist of nine army corps, three of which are German, totaling 450,000 men, according to a dispatch to the Balkan Agency from Athens, based upon what is said to be authoritative information.

## DIES, BUT MAKES FASTING RECORD

Louis Roth, Who Succumbed After 61 Days of Abstinence, Beat World Champions.

PAULO, Feb. 17.—Louis Roth, the 26-year-old tailor who died yesterday after a fast of sixty-one days, established the world's record for abstinence from food. His nearest competitor was Signor Mariani, who successfully fasted fifty days in Paris in 1885. Other famous fasts were:  
Mr. Tanner of New York, from noon June 23 to noon August 7, 1889; 42 days.  
Mr. Gilsom of Chicago, 35 days beginning July 5, 1891.  
Signor Succ, a professional faster, in the London Aquarium, fasted 42 days in 1890.  
Signor Merlati fasted 50 days in Paris in 1888.  
Roth's fast evoked keen interest in scientific circles, and his progress was constantly watched by Dr. M. C. Ferry of the bacteriological department of Stanford University and Professor Robert E. Swain, a physiological chemist of the same university.  
Roth decided upon the long fast after his wife cured herself of chronic headaches by fasting three days. Roth had been troubled with a stomach complaint for some years and decided that a fast would perhaps help him.  
He announced that he would fast until his tongue was clear of the coating caused by indigestion and a torpid liver. On Monday the sixty-first day, his tongue cleared and became a bright pink. He then essayed to take a little orange juice and water, and according to the statements of the physicians who were interested in the case was in a perfectly normal condition.  
In the evening he was stricken with severe pains in his stomach and after these subsided he relapsed into a state of semi-consciousness, due to weakness. He rallied, however, and was able to talk until the end came early in the evening.  
Roth weighed scarcely 55 pounds at the time of his death, although he tipped the scales at 145 before he essayed his fast.

## FIRST ALCALDE OF AUBURN PASSES AWAY

SAN FRANCISCO, Feb. 17.—Judge Samuel W. Holladay, one of California's most noted lawyers, passed away at his home, Octavia and Clay streets early yesterday morning, after a brief illness. He was 62 years of age and has been a resident of California for many years. Holladay passed into the great beyond humming the refrain of the old tune, "The Light of Other Days," made famous in the now-forgotten opera, "The Masques."  
Holladay was a widow, a son, E. Burk Holladay and two daughters, Mrs. Allan E. Messer and Mrs. Reginald Brook, both of London. He was the oldest living member of the Society of California Pioneers, and also the oldest member of the bar of the United States Circuit Court of this state, and was a senior member of Mount Moriah Lodge, No. 1, of the Masons.  
Holladay was born in Schenectady, N. Y., on April 29, 1853. He went to Cleveland in 1872, where he was later admitted to the bar in 1875. He came to California four years later via the Isthmus of Panama. He did not remain in San Francisco at that time but went to what is now Auburn, county seat of Placer.

It was Holladay who changed the name of Wood's Dry Diggins to Auburn. He was elected first Alcalde of Placer, following an incident in which he remonstrated with the miners to be law abiding and spare the lives of some men whom they wished to lynch for stealing provisions.  
In 1880 Holladay came to San Francisco and a year later he was elected city attorney.  
FACE DEATH IN CRASH, BUT SHIELDS COMPANIONS  
In an automobile accident at Eddy and Fillmore streets early this morning Miss Cora McDowell, 1225 Eddy street, suffered a fractured skull and internal injuries and may die.  
F. C. Malony, 2933 Pine street, sustained a possible fracture of the skull and internal injuries and may die.  
A Mexican, giving the names of Max Calcebo Camacho, was driving an automobile carrying four other Mexicans north in Fillmore street.  
At Eddy street group of four persons were crossing and the automobile ran into them.  
Of the four Frank Bremer, 1050 San Antonio street, Alameda, and Miss Alice Lyon, 1926 Bush street, were uninjured.  
At the central emergency hospital Malony and Miss McDowell refused to give the names of their companions until detectives were sent out to find the names.

## ACTOR AYRES IN WHEEL CHAIR PRODUCES FILM

Propelling himself in a wheel chair, as the result of an automobile accident, Sydney Ayres, former Oakland actor, and now a moving picture director, is producing a film of his own in Los Angeles, according to news received by his friends in Oakland today. Ayres, despite his injury, agreed to present his film on contract time. From his chair he is able to direct the players.  
His wife, who was Miss Anna Frank, Oakland society girl, is assisting him in the work of rehearsing his piece.  
Ayres was thrown from his automobile at Hollywood several days ago, breaking several bones. He will be able to walk in a short time, according to his physicians.  
CONCENTRATE TROOPS.  
DOUGLAS, Ariz., Feb. 17.—Conventional troops south of Guaymas are being concentrated at Fundacion, in southern Sonora, according to private advices here, to repel the expected invasion of Sonora by Carranza forces under General Huerta. Huerta's troops are now in northern Sinaloa, delayed by breaks in the railroad, which are being repaired. Recent floods along the Tular river washed out one of the Southern Pacific Railroad Company's bridges. The recent embargo on foodstuffs by the Guaymas authorities is said to have forced all troops to live on the country, already short of supplies.

## MORE FAST TRAINS

CHICAGO, Feb. 17.—Two additional limited passenger trains in each direction between this city and San Francisco will be run in cooperation on the Union Pacific road about April 1, according to an announcement by B. L. Winchell, director of traffic.  
SENATOR WEARS DICTAPHONE.  
WASHINGTON, Feb. 17.—Having answered out of his turn through deafness on a number of roll calls in the last few days, Senator Sherman of Illinois appeared this afternoon wearing a "dictaphone."

## FINDS CHARGES UNFOUNDED.

NEW YORK, Feb. 17.—District Attorney Perkins announced today that he had investigated and established as unfounded certain charges made against John A. Dix, former governor of New York, and others, in connection with the pardon granted by Mr. Dix, when governor, to Albert T. Patrick, the slayer of William Marsh Rice. In the charges made last November by George Goodrich it was alleged that the pardon was granted because of a certain mining concession which Dix was to have obtained.

## AN EASY WAY TO GET RID OF UGLY PIMPLES

Bathe your face for several minutes with resnol soap and hot water, then apply a little resnol ointment very easily. Let this stay on ten minutes, and wash off with resnol soap and more hot water, finishing with a dash of cold water to close the pores. Do this once or twice a day and you will be astonished to find how quickly the healing resnol medication soothes and cleanses the pores, removes pimples and blackheads, and leaves the complexion clear and velvet.  
Resnol ointment and resnol soap stop itching instantly and speedily heal skin humors, sores, burns, wounds and chafing. Sold by all druggists. For free trial size, write Dept. T-R, Resnol, Baltimore, Md.—Adv.

## WILL LECTURE ON POETS.

The Men's League of Plymouth church is to keep open house Thursday evening, because of having secured the consent of Prof. William H. Carruth, head of the English department of Stanford University, to deliver a lecture that evening on "The Poetry of Edward Rowland Sill," with a prologue on "Great Poets and Great Poems." Since the late poet was a resident of Oakland, the members of Oakland's literary and educational circles are awaiting with no little interest what they believe will be a decided treat, especially since Professor Carruth was a personal friend of Mr. Sill. William W. Carruth, who is also a nephew of Professor Carruth, is to give a brief organ recital, beginning at 8 o'clock.

## ATTACK MAIL ORDERS.

PORTLAND, Ore., Feb. 17.—The mail order merchants were attacked yesterday at the annual convention of the Oregon State Retail Merchants' Association with the same vigor that the trading stamp practice was fought last year. The mail order business was labeled an "octopus." Resolutions condemning both branches of the business were adopted. Astoria seems certain of obtaining the next annual meeting.

## CAPTAIN OF BLUECHIEF DIES.

NEWBURY, via London, Feb. 17.—Captain Erdmann of the German cruiser Bluechief, who was among the rescued during the battle between British and German squadrons in the North Sea, January 23, died last night from pneumonia. His illness was due to exposure suffered when the Bluechief was sunk. Captain Erdmann was one of the greatest admiralty authorities in the German navy.

## "Marse Henry" Perturbed.

Colonel Watterson, the nestor of Southern journalism—charming old chap that he is—sees danger in the suffrage movement. Not that he is opposed to suffrage per se, which he regards as practically innocuous, but its unhappy consequences, which he fears with a fear that is fearsome. The colonel recently voiced his opinions in the following:

If the equal suffrage movement ended with the franchise for women no great harm would come of it. Its most unhappy consequence would be the disappointment of those who expect of it results unlikely ever to come to pass. To double a ballot confessedly imperfect would no wise mend, though it would not necessarily hurt it. The real danger lurks behind what is called feminism—the Gospel of the New Woman—the Spirit of Unrest—which declaring war upon a man-made world and a misbegotten system of religion and ethics, proposes to disestablish existing institutions, to abolish love and marriage, to annihilate church and home; and upon the early throne of the God of the Universe to seat a sexless Messiah, preaching Bedlam's conception of Life and Reason.

We regard the colonel's attitude as impulsive rather than deliberate. Surely he has not given the subject the careful thought which characterizes his conduct in dealing with questions generally. He has neglected to analyze conditions as they really exist. While we are fain to admit that certain so-called leaders of women propose innovations of startling nature, these are the exceptions and not the rule. Their idiosyncratic views on feminism are so abnormal as to excite attention and publicity, for, as Colonel Watterson well knows, it is the exceptional that makes news. But few there are who treat these exaggerated ebullitions seriously.

The great mass of women are sensible and well balanced, devout in their religious beliefs, sane in their every day conduct, and will not be led astray by members of their sex who, having passed the border dividing vitality and motherhood from age-enforced celibacy have to have something with which to employ their minds and seek in the suffrage movement a new field of endeavor.

There is small use to worry. The suffrage States have not gone to the demerit bow wows and will not. This old world is going to preserve its equilibrium if through no other cause than sex instinct. Not all women favor turning conditions topsy-turvy because they have the vote; those who advocate radical and irrational measures are so few in number that their withdrawal from life's activities would be noticed no more than the hole made by withdrawing a pin from a bucket of water.

Despite the disastrous fire in its office on Sunday morning last that wrecked the job room and the bindery, the Stockton Mail appeared Monday evening as bright and lively as ever. The Mail is certainly some Phoenix.

## Tailor's Shabby Limitations.

The National Tailor's Convention which has been sitting in judgment in Chicago, prescribing what men shall wear this year and what they shall not, was a cheap aggregation of what can best be described in the slang term, "pikers." They have laid down an ultimatum that we shall not spend more than \$1000 a year for clothes. In line with several contemporaries who have expressed themselves with vigor amounting almost to vehemence on this subject we protest against any iron clad rule, whether laid down by a convention of tailors or lawmakers, limiting us in our wearing apparel to a paltry \$1000 a year and hereby declare that if we want to invest twice that sum in garments, outer and under, we propose to do it, tailors or no tailors to the contrary notwithstanding.

We resent this unwarranted interference with liberty as subversive to good government and the institutions of our free and happy country, founded on the principle that the pursuit of happiness is an inalienable right and propose to suit ourselves in said pursuit and purchase as many suits as our inclination dictates.

Not having heard from his two daughters in thirty-five years, a Los Angelen with considerable means provided in his will that if they were not found within a certain time, the entire estate should go to his housekeeper. As a result the girls both telegraphed their whereabouts. There is nothing like money to establish location and identity.

## Cargoes and Embargoes.

The administration is urging government ownership of deep water shipping for the relief of farmers who want export facilities for their crops.

The great agricultural crops of the country are wheat and cotton, one a northern and the other a southern product.

While government cargoes are being urged, nearly all of the official supporters of the administration are urging an embargo on the exportation of wheat.

Embargoes, at a time when we are at nominal peace with all the world, are of more than doubtful authority, and of less than doubtful popularity. It is surely a travesty on statesmanship to be discussing government shipping for the relief of farmers, and at the same time lending a "watchful waiting" ear to a proposition to forbid the export of the most important of our food products raised by the farmers.

For holding their wheat for a high price, the farmers are charged with conspiracy. But when the real estate owner waits for a higher price on his holding, he is merely showing enterprise.

Announcement that California's bread making grain crop for 1915 will be twice as great as last year leads to the belief that the farmers of the State contemplate increasing their incomes in this wheat by and bye.

Nevada's legislature has a committee on public morals. In the light of the effort to re-establish quick and easy divorce in the battle born state it certainly needs it.

## "WAR PRICES" FOR GRAIN

Rummaging among some old papers, E. O. Moffatt found a copy of the Prairie Farmer of August 20, 1864, and he was immediately interested in the grain quotations. Here are some of the Chicago prices quoted: Wheat, \$1.71 to \$2.07 a bushel; corn, \$1.17 to \$1.23; oats, 65 to 75 cents higher than the Chicago quotations, and there was a difference between the two markets of 25 cents on corn and about the same on oats, indicating the high freight rates prevailing then. These prices looked pretty high and

conveyed some suggestion of present possibilities until the quotation for gold was noted, 225. Prices of grain, of course, were in paper currency. When reduced to gold basis, wheat was under 50 cents, corn under 30 cents and oats about 25 cents a bushel. Eggs were quoted 12 1/2 to 15 cents, a low price even on a gold basis. Hogs were \$7.50 to \$11.00 a hundred pounds, cattle, \$6.25 to \$7.50; prairie hay, \$23 to \$25. One interesting item was "prairie chickens, plentiful, \$2.25 to \$2.50 a dozen." Kansas City Star.

## Optimistic and Otherwise

### GENERAL OTIS DISPLAYS AGITATION.

Commenting on the fact that a wireless telephone message has been sent 721 miles, General Otis, editor-in-chief of the Los Angeles Times, gravely predicts that the next thing in order will be a Roentgen ray that will enable the wife in Los Angeles to see what her husband in San Francisco is doing, and vice-versa. When that hour arrives, continues the general, everybody will live in the open. Closets and dark corners will disclose the doings and sayings of their occupants, and it will be utterly useless to crawl under the bed.

Truth to tell, we are somewhat surprised at the pessimistic tone manifested in the expression alluded to. We were under the impression that General Otis had long since passed the age when disclosure by Roentgen, or any other sort of ray, of his conduct when away from home would disturb the serenity of his existence. However, one never can tell, and it is apparent from his manner of speaking that the adage "A man is no older than he feels, no matter how ancient he may appear," has a solid foundation in fact upon which to rest.

### GOOSEBONE WEATHER MAN CORRECT.

Sailnas has a weather prophet named Cano who outlines conditions by gazing at a goosebone he has had in his possession for many years. The fame of the goosebone as an indicator or barometer has long been known and was the reliance and mainstay of our grandfathers long ere weather bureaus were contemplated. This person Cano predicted yesterday's storm to the minute, and what is more, he says that is not all—that his goosebone indicates a wet Saturday, plenty of rain during the remainder of February and half of March, and high waters galore from Del river on the north to the Arroyo Seco on the south.

### MAKE THE CORPORAL A LIEUTENANT.

Coporal M. J. Parcels, of Vancouver barracks, deserves a commission. The corporal was down in Portland a few nights since and heard an I. W. W. blarneyite slandering the memory of Abraham Lincoln. He did not stand on ceremony, but promptly knocked the fellow down, and when half a dozen of the orator's friends interfered he lapped the entire outfit, although he was bruised up a bit in the scrimmage. The police saved the corporal from being kicked to death by about a score of I. W. W.'s who came to the rescue of their discomfited companions, and made two arrests.

### CALIFORNIA STORK IS BUSY BIRD.

According to statistics, a new baby was born in California every eleven minutes during 1914, an increase of 4.9 per cent over the record of the previous year. The birth rate was higher per population than any year since 1905, having been 16.7. As a result of the activity of the stork, the population increased 45,012. There seems to be no reason to complain of race suicide in the Golden State.

### SAYS ANIMALS WILL LEARN TO TALK.

According to Professor Garner, the man who visited Africa for the purpose of learning the language of the simians, the time will come when all animals will learn to talk; a man will hold conversation with his dog or horse and his dog or horse will hold conversation with him. In the light of the fact that we have to endure a lot of chatter from a certain class of individuals, when this glad day predicted by the professor arrives the relief experienced by a confidential talk between a man and his sensible dog will be so intense as to remind a fellow of the near approach of the millennium.

## TWENTY YEARS AGO TODAY

George Kaufman is too modest. He has carefully concealed a sensational episode in which he was the chief actor. Though secretary of the Board of Public Works, the faunting duties of that office did not prevent him from doing a deed of valor which will rank with the deed of heroism Wednesday evening a coal oil lamp exploded in the residence of Mrs. Mary Bigelow of 517 Franklin street, setting fire to the floor and causing intense excitement in the neighborhood. George leaped across the way, he heard the confusion and rushed to the rescue with a fire extinguisher strapped to his back. He sallied into the flames fearlessly and at the risk of his life. His extinguisher failed to operate. With great presence of mind he grabbed two cans from the floor and smothered the burning oil. Yesterday he wore a new pair of spring trousers, but that was all the damage he did to himself.

Mrs. Martin Kolozsgy gave a most charming supper in Berkeley and called it a colonial tea. Everything was served in old-fashioned blue china. The people who sat down to the blue and gold tables were: President and Mrs. Kellogg, Mrs. Anna Kellogg, Prof. and Mrs. Boone, Professor and Mrs. Clapp, Mr. and Mrs.

Whiting, Professor and Mrs. Gayley, Professor and Mrs. Ficht, Mr. and Mrs. Frank Wilson, George Wilson, Mr. and Mrs. George Metcalf, Miss Brockway, Colonel and Mrs. Greenleaf, Professor Haskell and Dr. and Mrs. Richardson. Mrs. J. Walter Scott was the hostess at a very charming tea on Valentine's day. Among the guests were: Mrs. Ed Wade, Mrs. Schultz, Mrs. Dr. Rens, Miss Edith Biers, Miss Orrie Jackson, Miss Corbary, Miss Turner, Miss Folkers, Miss Craft and Miss Elizabeth Methan. The Berkeley ladies have a novel idea which will blossom in the shape of a colonial ball, and it is to be extremely well as well as novel. Mrs. Spiers, Mrs. Penninger, Mrs. Blake and Mrs. Whiting are the leaders in getting it up. Everyone is expected to appear in colonial costume, powdered hair and rich brocade.

## EMPTY COMPLIMENTS

When compliments fall to the lot of Tommy Atkins he knows what to do with the flood part of them. Fifty years or more ago Sir Harry Smith, after whose wife Lady Smith was named, was governor of Cape Colony, and led a number of campaigns against the Kafirs. Returning from a particularly lively one, he held a review of his troops, who were in a most dilapidated condition—barefooted, ragged and half-starving.

When the time came for him to say a few words he lavished praise upon them, dwelling upon their bravery, endurance, and even upon their soldier-like appearance.

This last compliment was too much for the patience of the old color-sergeant. He stepped forward—tattered and unkempt—snarled most respectfully, and then said: "Pegging your pardon, Sir 'Arry, we don't want no kammion, we want boots!"

## ET TU KANSAS!

The first payroll of the Kansas legislature reveals the fact that it has fifty-two more employees than members of both branches. The house has 153 members and 107 employees, costing the people of the state \$242 a day a member for "help." The senate has 41 members and 110 employees, the per capita senate cost being \$5 a day, the help in the upper branch costing nearly three times as much as the members. The senate also has almost three employees for each member.—St. Joseph News-Press.

## WAR BREAD OF ARMIES

Every army in time of war carries its war bread, which forms part of the delectable ration, and is intended to be eaten if necessary while on the march. The German soldier receives for his war bread a roll, in which are mixed together 100 grams of riced dough and 10 grams of cooked rice, together with salt. Bread-en eggs and sugar are added to the dough in order to improve its flavor and so increase the nourishing power. The proportion is 100 eggs to 100 kilograms of flour. Finally, potato flour is used, it is said, to prevent the bread from growing stale too easily, and curaway seed gives it the necessary spiciness.

The Austro-Hungarian soldiers carry their durable ration of bread packed in small cotton bags. This bread is shaped like a sausage and consists of wheat flour, potato flour, eggs, unskimmed milk, salt, cinnamon, nutmeg and yeast.

In France each soldier receives as his durable ration ten loaves of bread, each of which is 70 kilometers long, 65 kilometers broad and 25 kilometers thick.

In any case, this bread does not taste as good, nor is it as nourishing, as the Austrian bread, for the plain-pie, as the French infantryman is called, must be satisfied with a loaf which is made of flour, yeast and water.

The war bread of the Italians and Roumanians is very similar to that of France. It is, though, somewhat darker and has a uniformly smooth crust.

The Swiss soldier carries his war bread with him in a small pasteboard box. Each of these little packages contains five small loaves, which weigh altogether 250 grams.

The light-colored war bread of the English is kept in good condition in small soldered tin boxes.

The Belgians give their soldiers a war bread made of flour, sugar and eggs, each loaf having forty punctures. Holes are also pierced through the Turkish war bread, which is made in round disks, having a diameter of 150 millimeters, and a very thick, brown crust—Baltimore Sun.

## LUNCHES FOR SCHOOL CHILDREN

There is at present a plan under way in public schools to provide the children with lunches, says the Kansas City Star. Each portion of food—a bowl of soup, a glass of milk, whatever it may be—costs a penny. This price will bring the food within the reach of the poorest child.

In England there has been for some time a system of providing free lunches for the needy. This is a charity pure and simple, as the food is given free and given only to such cases as have been investigated and found in actual need. This measure was introduced in England at the instigation of the Army Medical Service, whose reports showed an immense number of recruits for military service were rejected on the ground of physical disability, due to undernourishment.

The system proposed in this country has the great advantage of being a preventive measure, by feeding all children who wish to be fed. It keeps them adequately nourished, rather allowing the neediest to become actually debilitated before attempting to build them up.

There is a great deal of ignorance and apathy in regard to the science of food. Even where this is not the case and the mother has the means and intelligence to provide a nourishing lunch for her child, better food may be prepared where there are facilities for cooking at hand. On a cold winter day the best of sandwiches compares poorly with a bowl of hot, nourishing soup.

This is a subject in which women should interest themselves. It is a question which should be brought to the attention of the school boards in every city and town. In many well-to-do places there is no great need for such a system, but in any community where the distances are great, so that the majority of children have to stay at school for luncheon, or in any place where there is much poverty, this question of school lunches provided at cost should be thoroughly investigated by the committees of women and by the school board.

SCHOOL ELECTION TO BE APRIL 14

Council Rescinds Previous Action for New Estimates of Expenditures.

ALAMEDA, Feb. 17.—Following an unanimous expression of opinion that the school bond election will be called for April 14 when the voters will be asked to vote \$250,000, the city council last night rescinded all previous action concerning the election and referred the matter to the building and grounds committee for a report on the various estimates to be made, the interest to be paid on bonds, and other data necessary for framing a proclamation.

At a meeting of the Board of Education, at the request of the Board of Education, urged the council to call election. He said in his letter that \$250,000 is necessary for the elementary schools and \$30,000 for the high school.

Councilman E. R. Bullock moved that the request be granted, his motion being seconded by Councilman E. J. Probst. It was unanimously carried.

Then the city attorney advised that this action be rescinded and that the matter be referred to the building and grounds committee for a report, in order to obtain details for the proclamation. The committee will file its report at the next meeting.

Councilman Bartlett asked the city attorney as to the next action required in calling the harbor bond election for April 14. It was advised that all former action be rescinded and that the matter be referred to the Harbor Advisory Board for a definite opinion as to exact expenditures of the proposed \$200,000. The city attorney said that only \$100,000 of this sum had been set aside for definite purposes and he directed that the remainder also be specified. The harbor board will meet next Thursday.

FOR FIRE EQUIPMENT.

Specifications for two chassis to be used in making the present horse-drawn combination chemical and hose wagon motor vehicle were adopted by the council and the clerk was directed to advertise for bids.

A contract was awarded to L. Kinney to construct a sidewalk in Lincoln Park, on the east side of Persimmon Boulevard.

The appointment of William E. Varcoe as a deputy assessor, reported to the council by City Assessor F. J. Croll, was confirmed.

The request of John Goldstone to erect three 20,000 gallon tanks at Harrison street, between Broadway and Everett street, was referred to the police and fire commission, police and fire committee, and the fire marshal.

W. M. Whitmore, upon the recommendation of the street committee, was awarded the contract to improve San Jose avenue, between Hill and Third streets.

The city clerk was directed to notify abutting property owners at the east ends of Liberty street and Garfield avenue that they should pay for a front foot for the placing of electrolines in their district. The entire cost of the improvement is \$40.

The proposed ordinance which gives the city control of tent cities was introduced by Councilman William Hammond Jr. and will be taken up for consideration next Tuesday night for adoption, the council adjourning to meet that time.

Consideration of asking the Southern Pacific Company to divert tracks at the ferry service from San Francisco, via Oakland mole, was referred to the public utilities committee, at the instance of Councilman Hammond.

Councilman Probst suggested that the City Planning Commission be asked to consider the extension of the present tracks of the Southern Pacific Company, making an attractive boulevard along waterfront. Such action taken.

Mayor Otis invited all councilmen to attend the opening-day festivities of the Exposition Saturday next.

SERVICES PLANNED FOR LENT AT CHRIST CHURCH

ALAMEDA, Feb. 17.—The following schedule of services will be held at Christ Episcopal Church during the season of Lent, today being the first day of the season.

Services of Lent and the Holy Communion at 10 o'clock, when the pastor made a short address on "Our Vision for the Future." The service will be held at the first of a series of addresses on "The Principles of Happiness." The series will be held at the church.

Following is the order of services and subjects for the six weeks of Lent:

Tuesday—Devotions and address, 4:30 p. m. subject, "Old Testament Interpretations."

Wednesday—Evening prayer and address, 8 p. m. subject, "Emanuel Principles of Happiness."

Thursday—Holy Communion and address, 10 a. m. subject, "Thoughts from the Bible."

Friday—Devotions and address, 4:30 p. m. subject, "Interesting Corners of God's Vineyard." Children's service, 7:30 p. m. subject, "Bible Stories showing moving pictures."

Sundays the services will remain at the regular hours. Holy Communion, 7:30 a. m. divine service, 11 a. m. League of St. John, 5:30 p. m. and evensong and sermon at 7:30 p. m. At the Sunday evening service there will be special sermons for young people by prominent clergymen from around the bay. Announcement of the preachers and their topics will be announced week to week.

All have been invited to attend the services and enter into the work of the parish.

ENTERTAINS AT INFORMAL CARD PARTY AT CLUB

ALAMEDA, Feb. 17.—Miss Sheryl MacLennan of 2047 Buena Vista avenue entertained last night at the Alameda club with an evening of cards, music and dancing.

Miss MacLennan was assisted by Miss Alice Baker, Miss William Schulte, Miss Kihnam in her duties as hostess and the evening was an all round success. The guests were from Oakland, Berkeley and San Francisco as well as this city, and were the Misses Anita and Lois Rhodes, Jeanette Kihnam, Anita Putnam, Gladys Kihnam, Helen Kihnam, Lulu Greene, Harriet and Lucy Orr, E. ALAMEDA FLOWERS ARE PLACED ON EXHIBITION

ALAMEDA, Feb. 17.—The exhibit of the park department of the city of Alameda in the rooms of the Chamber of Commerce is receiving considerable praise for the variety and the number of beautiful specimens shown.

There is a collection of 34 specimens displayed comprising of cinerarias, begonias, an assortment of cyclamens, ferns, primula maculosa and palms. These plants and flowers are grown in hot houses at McKinley park, particularly by Superintendent J. Parks and Miss Dunn.

This is the first season that such a display has been shown at this time of the year. The exhibit is open to the public.

PYTHIAN GOAT IS LIKE TROJAN HORSE WOMAN RIDES HIM ON STAGE AND LO! PITY OF BEHOLDERS CEASES

ALAMEDA, Feb. 17.—The mystery of the goat is solved! He did not need any sympathy after all. The unfortunate goat that was christened by the Alameda clubwomen and sent forth staggering under a comely like unto no goat's before him, was only a wooden goat, anyhow.

The people didn't know it—even the Pythian sisters, who were not let into the secret, thought it was a live goat. When their farce, "Eve in an Adam's Skin," was presented last night they waited anxiously for the goat with the name and murmured pitifully regarding his comings and goings. A string pulled him.

"So his name really didn't hurt him," said the committee. "We had enough lumber left over to build a shed."

Several meetings of the lodge were devoted to naming the goat, supposedly a real one, last week, before the name "Pythian" was decided on.

BASES LITERARY SUCCESS ON WORK

BERKELEY, Feb. 17.—Here is what George Randolph Chester has to say to the young writer, actual or potential. He must remember sympathy and whistling, he must create, he will find excellent training in journalism. He must write. The well known writer of "Get-Rich-Quick Wallingford" stories has contributed to "The Literary Digest" an article in which he tells us what he believes on these things.

Chester tells of his early experiences in writing, he says, "I was a young man, I had a large sum through an investment, continuing his advice to the young writer, he said, 'I must do it myself.'"

"One of the best things in the world for the young writer is journalism. It teaches him to write. Expression is what he needs and on a newspaper he is given every opportunity to express himself. The work is interesting and it is a good thing to have a large sum through an investment, continuing his advice to the young writer, he said, 'I must do it myself.'"

AUDITOR STOPS PARKING MONEY

Council Will Meet Tomorrow to Determine Action in Northbrae.

BERKELEY, Feb. 17.—Whether the parking district plan in the Northbrae properties is going through or not is very much a moot question today. About 50 per cent of the assessments on Northbrae in the district has been collected, but City Auditor M. L. Hanson refuses to turn it over to the streets department until the whole transaction is legal and will not stand in connection with the district involved are Berkeley Heights, Berkeley Square, and portions of Northbrae. Hanson, at the request of a portion of the property holders, under a recently enacted State law, the council several months ago set this aside as a parking district and levied an assessment of ten cents per front foot for each of the lots.

The assessment is about \$100,000 of which approximately \$50,000 has been paid. The assessment becomes delinquent tomorrow, and the council will hold a special meeting tomorrow morning to determine what its action shall be. Members of the council are divided between making the assessment legal and turning over the money or proved in a less drastic way if one can be found. City Attorney Frank Smith will present an opinion on the matter tomorrow.

Hanson contends that the assessment plan is unconstitutional. But the majority of the council's action is established by the courts he believes the city should not spend any of the money.

Property holders who have paid their assessments have done so under protest, maintaining that the city should have established a legal parking district on streets and lands in the district before making the assessment. Others contend that the assessment is legal on the ground that the State law is not unconstitutional.

## PURE FOOD HITS LIVING COST

School Cafeterias Find High  
Standard Dents Pocket-  
book.

Pure food for the school cafeterias, ordered by the Board of Education last week has proved a startling lesson in the high cost of living. Last night the Board of Education discovered that it probably will not be able to keep up the standard set and pay the expenses of the cafeterias out of their receipts, as at first thought possible.

In the Technical High School and the Washington school an attempt will be made as far as possible to pay cafeteria managers salaries of \$100 per month out of the receipts. In case of deficit the Board of Education will assume responsibility. In the Prescott School the cafeteria managers will probably be authorized to charge sufficient to cover all material cost, the salary of the manager to be paid directly by the board.

The first week of the reform of the school cafeterias was reported a striking success, the food being better and the business better. Purchasing Agent Harry Bridgman reports that by wholesale buying and uniform menus the price will be cut down considerably. The details of the cafeteria costs were laid over until next week for further investigation.

**LAKEVIEW ADDITION.**

Plans filed by Julia Morgan for the addition to the Lakeview School were filed with the board. Consideration of construction will be taken up at a later date.

Mrs. J. Spencer, representing the Lafayette Mother's Club, appeared before the board urging fast work in the building of the school assembly hall. Plans were ordered drawn by the Building Inspector's department.

Complaint was made that several Berkeley and Alameda students were attending the technical high school, despite the board's rule.

"I want an understanding on this," said Principal P. M. Fisher. "I was told that in case they were not keeping out Oakland children I might admit these in some cases."

"I'd like to know who told you that?" shouted Superintendent A. C. Barker.

"I did," said Miss Annie Florence Brown.

"Well," said Barker, "I think it an injustice to the thirty or forty let out as non-residents to permit any to remain."

Principal Fisher explained that one was the case of a girl who lived in Oakland until a few weeks ago, and was temporarily visiting a grandmother in Alameda, and the other of a boy just over from Berkeley line, also recently moved.

"Are they keeping Oakland pupils out?" asked Miss Brown.

"No," said Fisher.

"Well, let's let them stay until the end of the term," said Chairman Kelly.

Next term no pupils not living in Oakland will be permitted in the school.

**DEDICATION SATURDAY.**

The Technical High School will be dedicated Saturday with informal ceremonies. An invitation was extended by the students to the board last night and accepted.

The request of Prof. C. E. Rugh for the Board of Education to provide a catalogue to catalogue and put in place the books ordered for the University school was granted.

The minutes of the Board of Education of February 9, Section 2, of the report of the committee of the whole, that Mrs. Louise Duncan Chandler be elected as a temporary substitute instructor of commercial subjects for the morning hours and assigned to the Technical high school, was amended to read as follows: "That Mrs. Louise Duncan Chandler be elected as a temporary substitute instructor of commercial subjects and assigned to the Technical high school for full time."

The Mothers' Club of the Lafayette school will be permitted to maintain a box in the school to be used as a receptacle for discarded garments and shoes contributed by parents, with the understanding that garments received be distributed among the needy in the immediate neighborhood of the school.

The superintendent of buildings and grounds was authorized to erect a temporary flagpole at the Oakland technical high school, and place a flag thereon.

Bonds of Firth and Pidgeon, contractors for labor and mortar for the department shop brick walls, for faithful performance of contract in the sum of \$124, and labor and material men's bond in the sum of \$547, naming David McWalters and H. L. Walker as sureties.

All Work Makes Jack, and Even Scholars, Dull  
So Benjamin Ide Wheeler, Philologist, Finds  
Writing Lucid English, He Rests From Greek  
Likewise Golfs to Keep All His Muscles Supple  
Here's His First Picture, as Taken on the Links

President Benjamin Ide Wheeler Joins  
Illustrious Golfers' Ranks

BERKELEY, Feb. 17.—All work makes Jack a dull boy, in the opinion of President Benjamin Ide Wheeler of the University of California, and he thinks the obverse of the statement is equally true. So recently he has been interspersing his work with play, chiefly on the golf links, and his play with the regular duties of his office and with magazine contribution as well.

On the golf links President Wheeler has demonstrated his possession of no mean ability in putting and teeing the tiny sphere. In his writing he has recently turned his attention to the problems presented by the opening of the Panama canal. The relations between this country and Japan, he declares, are altered by the opening of that waterway.

"Japan's great circle route to

Panama," he writes in the current number of a magazine, "on her shortest way into the Atlantic passes the Golden Gate only a hundred miles out. Japan is no longer an occasional neighbor. We must make up our minds to settle down and live in the same world even if not in the same country with the Japanese."

President Wheeler pictures the opening of the canal as the opening of a new era, but failed, President Wheeler remarks. Now the canal makes this route to India actual. He compliments former President Roosevelt for exercising promptitude in securing the necessary right-of-way.

President Wheeler believes the repeal of the toll-exemption act was wise.

**Socialist Ministers'  
Act Evokes Protest**

PARIS, Feb. 17.—The action of two socialist members of the French cabinet, Jules Guesde, minister without portfolio, and Marcel Sembat, minister of public works, in attending the recent international socialist conference in London, has evoked protest from a large section of the French press, which makes the declaration that this conference was inspired by the German social democratic party. Senator Gaudin de Villaine has written a letter to Premier Viviani, announcing that, unless the government publicly disavows these two socialist ministers before next Thursday, he will present an interpellation on the subject in the senate.

**ANTIQUE STORE RANSACKED.**

SAN FRANCISCO, Feb. 17.—Mrs. L. B. Steadman, proprietor of an antique store at 511 Sutter street, opened her establishment this morning to discover that it had been thoroughly searched by burglars. An inventory disclosed that articles to the value of \$250 had been taken.

**General Scott Must  
Explain Utterances**

WASHINGTON, Feb. 17.—Secretary Garrison instructed Brigadier-General Scott, chief of staff of the army, today to call upon Captain William Mitchell of the general staff to explain published reports attributed to him on the unpreparedness of the United States for war.

Captain Mitchell was quoted as having said that "it would take the United States about three years to put an army of one million trained men in the field and in that time an enemy could take and hold our American seaboard."

Secretary Garrison said he considered such utterances, if made public at present, injudicious and improper.

**COMPOSER DEAD.**

PARIS, Feb. 17.—Emile Charles Waldeufel, noted French composer, died today. He was born in Paris in 1831. M. Waldeufel was leader of the orchestra at the court of Napoleon III. He was the composer of waltzes, polkas and mazourkas many of which became popular in all parts of the world.

## DEATH FAILS U. S. KEEPING TO STAY CONTEST EYES ON GRAIN

Dr. B. O. Coates Will Continue  
\$35,000 Suit Against Jack  
Cudahy.

LOS ANGELES, Feb. 17.—The mill-honorees' column in Pasadena was stirred yesterday by announcement of the death early yesterday of Mrs. B. O. Coates, wife of Dr. B. O. Coates, a prominent and wealthy Pasadena physician. Dr. Coates injured in a fist fight with Jack Cudahy, millionaire meat packer, some months ago.

Mrs. Coates died in the Marengo hospital from "post-operative shock," according to the hospital authorities, following an operation for stomach and liver trouble.

It is alleged in the \$35,000 suit filed by Dr. Coates against Cudahy after the fist fight that Cudahy had injured Mrs. Coates when she attempted to intervene in the struggle between the men.

**WILL CONTINUE FIGHT.**

Doubt as to whether the suit would go on as the result of Mrs. Coates' death was settled yesterday, when Attorney Carter of Tabor & Carter, Pasadena, counsel for Dr. Coates, made this statement:

"Dr. Coates' suit against Jack Cudahy will go right on. The death of Mrs. Coates will not stay the action. We will issue a statement in a few days."

Jack Cudahy refused to make any statement yesterday. Mrs. Cudahy, however, said:

"Mrs. Coates had been an invalid for years. My husband had nothing to do with her condition."

Mrs. Coates, according to the hospital authorities, was admitted to the hospital Friday, and the operation followed quickly. The patient failed to rally from the shock of the operation.

**SOCIETY SENSATION.**

The fight between Cudahy and Dr. Coates caused a big sensation in Pasadena society. The Coates and Cudahys were long-time friends. The wives of the men were on visiting terms.

One night, some months ago, when Cudahy failed to return home from his club, Mrs. Cudahy, according to Dr. Coates, asked the physician to see what detained him. Coates claimed that Cudahy and he had quarreled.

When the men met at the Cudahy home that night Cudahy, it was alleged by Dr. Coates, attacked the physician. When Mrs. Coates intervened in her husband's behalf, Cudahy, so Coates alleged, gave her a violent push, and she fell. Cudahy denies he did more than to move the woman out of harm's way.

Wilson Declares Erroneous Im-  
pression of Food Supply  
Prevails.

WASHINGTON, Feb. 17.—President Wilson declared today he believed an erroneous impression had grown up concerning the food supply in the United States.

In a letter to Mayor Mitchell of New York, replying to a suggestion that an embargo be placed by the federal government on exports of wheat, the President wrote that in the near future the administration will give out a statement showing the exact situation.

The President thanked Mayor Mitchell for his letter and for the report of the food committee, headed by George W. Perkins, in which it was suggested that the amount of wheat in the United States be present as compared with the amount on hand a year ago be made public.

"The matter is one to which the administration has, of course, from the first given the most thoughtful and careful attention," it is understood by the President. "The agricultural department is in possession of all the facts. About these facts some very erroneous impressions obtain, and it is our purpose in the immediate future to remove these misunderstandings by a very full and clear statement of all the facts. They will, I think, reassure the country."

Mayor Mitchell's letter has been referred to Secretary Houston and a thorough investigation now is being made. It is understood by the President that he has no authority to declare an embargo on the exportation of foodstuffs, even though such a step were considered wise.

**\$20,000,000 Widow  
Is Bride of Briton**

NEW YORK, Feb. 17.—Mrs. Julia Gertrude Lyle, widow of John S. Lyle, who left her an estate valued at \$20,000,000, was married yesterday to Alexander W. Sennel, an English lawyer and journalist.

Before her marriage to Lyle in 1910, Mrs. Sennel was Miss Julia Gertrude Hannon, a nurse in the Presbyterian Hospital of this city. Lyle died in 1912 and his widow caused the erection on the Lyle estate of a house of 100 rooms in which chimneys were installed and bellringers constantly employed to play Lyle's favorite hymns.

After several recourses to legal action, neighbors recently succeeded in regulating the chimneys playing to thirty seconds at morning, noon and evening.

**Blood Test to Prove  
Clubman Is Parent?**

LOS ANGELES, Feb. 17.—Summoning the aid of science in her \$500,000 love suit against Bryant Howard, San Diego clubman and son of wealth, Miami Armitage Howard, yesterday submitted to a blood test to determine whether he is the father of her 2-year-old curly-headed daughter.

"If he refuses," she cried today, her black eyes flashing fire, "won't it prove he is afraid of coupling her case with the internationally famous trial of the Shingys baby, in which the high courts of England recently declared the baby to be legitimate and awarded it an estate valued at half a million dollars."

**ACTIVE CLUB WOMAN  
PASSES FROM LIFE**

After a severe illness of one year Mrs. Louise Carr Murray, wife of G. A. Murray of this city, died last evening at her home, 4552 Telegraph avenue, where she had resided for a number of years.

Mrs. Murray was one of the leading workers in the Degree of Pocahontas and the Ladies of the Grand Army of the Republic, in which she held office. She was one of the enthusiastic hostesses of the Council Degree of Pocahontas, Blackmar Circle, No. 43, Ladies of the G. A. R.; Hermann Sons' Sisters and Pride of the Forest Circle, Companions of Foresters.

The deceased was a native of New York, but came to California and settled in California, residing here for the past eighteen years. She was 55 years of age.

The funeral will be held Friday afternoon at 2 o'clock from the Henderson undertaking parlors, 2397 Telegraph avenue, where the Ladies of the G. A. R. and the Degree of Pocahontas will conduct the obsequies.

The body will be buried in Mount View Cemetery.

**STEPPATHER IN JAIL  
FOR STRIKING GIRL**

SAN FRANCISCO, Feb. 17.—"Hell, police! Steppather is trying to murder me!" cried Miss Eugenia Cummings of 1726 Laguna street to her sister, Bernice, over the telephone, as she charges her stepfather, Charles Lenahan, with attacking her in his home, 1271 McAllister street, last night.

The police of the Bush street station, notified by Miss Bernice Cummings, hurried to the house, arrested Lenahan, and today Judge Oppenheim gave him thirty days in the county jail for battery.

Miss Eugenia Cummings was visiting her mother when her sister, Bernice, called her up. As she went to the phone Lenahan, she alleges, started for her, declaring she could not use a telephone in his house.

**HOME GETS OLD FIELD.**

WASHINGTON, Feb. 17.—In response to a request of Representative Curry, the navy department has directed the commandant at Mare Island to ship to the Good Templars' Home for Orphans at Vallejo the ship's bell recently removed from the old vessel Independence. The bell has been a story, having been cast originally for the U. S. S. John Hancock, the third steam screw vessel built for the navy in 1854.

## Ship Bears Crews of Ill-Fated Steamers

By Associated Press.

BUENOS AYRES, Argentina, Feb. 17.—It is reported here today from credible sources that the German steamer *Albatross*, which was heading for Buenos Ayres, and having on board the crews of several English steamers sent to the bottom by some German warship, probably off the coast of Brazil.

The steamship *Holger* has been identified with German activities in the South Atlantic. She left the harbor of Pernambuco secretly early in January, presumably with supplies for German warships at large in South American waters. The Brazilian government punished the port officials whose negligence made this breach of neutrality possible.

## Higher Bread Cost Cause of Inquiry

By Associated Press.

NEW YORK, Feb. 17.—With Henry Heinzer and A. I. Russell, statisticians for the New York Produce Exchange, as the principal witnesses today at the state inquiry here to place the responsibility for the increased cost of bread, Deputy Attorney-General Alfred L. Becker expected to obtain expert opinion on the actual wheat conditions throughout the country.

At the inquiry yesterday the proprietors and managers of several of the largest bakeries in New York were witnesses. They were asked whether they had entered into any agreement to charge six cents a loaf. Each witness denied that the price was increased by agreement.

Representatives of the larger baking companies held that they were forced to raise the price of bread because of the upward movement in the price of wheat and denied that they had any interest in flour mills or were speculating in wheat.

They were able to explain why the price was raised by all on the same day last week.
